MORE ABOUT THE LEEDS

The Competition is admired and respected around the globe. Known colloquially as 'The Leeds', the triennial competition was established in 1963 by Fanny Waterman and Marion Thorpe and the 20th Edition of the Competition took place in 2021. Pianists from 17 countries competed in Leeds for the prestigious Dame Fanny Waterman Gold Medal, which was awarded to Alim Beisembayev from Kazakhstan. Our world-class prize package supports our prize-winners to establish their careers through a stellar collective of partnerships which includes artist representation with [Askonas Holt](#), a recording deal with [Warner Classics](#), international tours in association with Steinway & Sons, a début at Wigmore Hall (London), BBC broadcasts and significant media coverage, as well as bespoke mentoring and coaching. HD global streaming of the competition reached audiences in 140 countries and has achieved a viewership of 4.7 million in 2021.

We are proud of our civic programmes which are rooted in our communities and The Leeds Piano Trail has been nominated for a prestigious RPS Award. This 2 week festival engaged over 206k people in 2021 through a specially commissioned sculpture and piano trail in public spaces and we collaborated with 53 city partners, bringing an estimated GVA of £1.65m back to the city. The pianos have been permanently installed and over 1.84m people will engage with our programme in 2023, returning a bigger scale programme to Leeds in 2024 with an extended sculpture trail made entirely from recycled pianos.

Importantly, we are championing the piano to a new generation of children and young people, building a lifelong learning programme starting with primary education. The programme leverages a hybrid blend of live and digital learning on an international scale, in partnership with the Lang Lang International Music Foundation. Now is an exciting time to join the Leeds as we look to develop and grow both our fundraising, and the impact that we can then achieve...
